

July 17, 1933.

Mr. George Blanthorn,
Vice President Security Pipeline Co.,
Grouse Creek, Utah.

RE: GROUSE CREEK DIST.

Dear Sir:

I am in receipt of a report from Mr. Henry Hamming, engineer who recently investigated conditions on the Security Pipeline Co. at my request, in which he advised you were requested by him, to report to me, the result of cutting off the water supply for cattle formerly made by Hadfield and Toyn.

I have not heard from you. Would you kindly advise me therefore, whether or not all of the stockholders of the Security Pipeline Co. are now securing water for culinary purposes and if some be not supplied, please give me their names and addresses.

I will thank you greatly for a prompt reply.

Yours very truly,

T. H. Humpherys,
STATE ENGINEER.
